Dear Member,

We are pleased that you are part of USPA. You and more than 31,000 others recognize the need and value of pulling together for the common benefit of skydiving and skydivers.

Affixed below is your membership card. Included on your card is a section for licenses and ratings, thereby eliminating the need for multiple cards.

For your licenses and ratings to be valid, you will need to sign the reverse side of the card, and for your USPA license to be recognized by the FAI, you will need also to fill in the requested personal data. Please do not detach the two halves of the card.

Blue skies!
