

To Whom It May Concern:

This is a letter of recommendation for Mallory Lewis and Lamb Chop. Mallory Lewis debut her new show "Lamb Chop Loves America" at Marine Corps Air Station Miramar during Month of the Military Child in April 2012.

In short this event was a tremendous success. Ms. Lewis' heart is definitely in the right place and has the best interest of our service members and their families at heart. "Lamb Chop Loves America" show brings history to life for the kindergartner through the 5th grade student utilizing music, laughter, multi-media backgrounds and audience participation. Lamb Chop creates a fun and interactive way of learning about our nation's history from the pilgrims to the present, reinforcing what kids have learned in their history classes at school. Parents also enjoy the show as they relive their experiences/memories with Lamb Chop from Cheri Lewis' television shows.

Ms. Lewis is very professional and an enthusiastic performer/person. Her one hour performance is professional and full of energy. The spirit continues beyond the stage as Ms. Lewis and Lamb Chop personally greet, thank and sign autographs for audience members following the show.

If you are looking for a family oriented show or a performance for the kids at the Youth Center, I would urge you consider having Mallory Lewis and Lamb Chop be a part of your program.
